## PRESIDENT'S MESSAGE

Dear Alumni and Friends,

I would like to thank Bob Bradford, Mickey Gordan, Ed Click, Cole Sandridge and Bob Hume for putting together the Ad Astra reunion at Sheraton Inn in Charlottesville, VA over the weekend of October 8 - 10th. The weekend was filled with fond memories of those days past at Augusta. Also, I would like to thank Gordon Metz, Nick Syropoulos and the Ad Astra members for bestowing upon me the honor of becoming a member of this fraternity!

At our meeting December 4, 1993, a very important issue will again be discussed. This issue will be the AMA Alumni Scholarship. Goodloe Saunders and Bill Klinck have worked hard to submit this large undertaking to all. It will be advantageous to attend this meeting and learn about the application and selection process. If this issue is approved by the Board of Directors, it will mean a great deal to our children and their children's future education. NOTE: (This is not intended to change the status of the VMI scholarship.) Please attend this meeting and show your support.

K. Gary Nicholson '70

## Board of Directors Meeting

### September 10, 1993

The meeting was called to order at the Fairfax Marriott Courtyard at 10:00 a.m. by President Gary Nicholson. Attending Directors included Bratton, Click, Coleman, Councill, Gray, Klinck, McInnis, Ramsey, Rhea, Saunders, Simmons, Starnes, Syropoulos, and Trent. Three visitors attended: Mike Bare, '69; H.W. Campbell, '70; and Dave Gebhardt, '52.

Secretary, Gordon Bennett unable to attend, the reading of the minutes from the last (reunion) meeting was omitted. The Treasurer's report was distributed, explained, and approved. Financial records for FY1993 have been submitted for the auditor's review and the tax forms will be prepared.

It was recommended and approved that any **principal** currently held in the scholarship savings account with Planter's Bank be transferred to the Intermediate Bond Fund as part of that investment. There remains sufficient **interest** to pay the VMI scholarship. It was recommended and approved that the scholarship funds due VMI be paid semi-annually, \$1,000 in August and \$1,000 in January, without requiring VMI to send a formal reminder. (The VMI scholarships were created when AMA closed and the Association was unable to aid cadets at AMA. There is an understanding with VMI that this funding will continue for so long as the Alumni are able to support it and our own school is closed.)

The board approved \$300 to purchase computer software (Paradox for Windows and the forth-com-

ing WordPerfect for Windows 6.0).

Bill Klinck, publisher of *The Bayonet*, suggested an enlarged 12-page format for the Newsletter, which the Board approved. Printing costs and added postage will increase less than 50% for this additional sheet.

Chaplain Bill Gray announced the deaths of several alumni since our last meeting, including former officers Richard Llewellyn, '56 and Robert Mitchell, '39 who died in July. Anyone with news of the death or serious illness of an alumnus is encouraged to call Chaplain Gray at 703-820-7538 and through him, allow the Association to make some appropriate response.

#### School Flag

We need to obtain a replacement school flag for the Association's use. There were actually two flags, the white on blue school flag familiar to those in the forties and fifties, and the gray (ROTC) flag used during the later years. Bill Klinck has been in contact with a flag maker in Front Royal, VA who offered to make an embroidered flag for less than \$500. The Board approved the purchase of two flages, one blue and one gray, and Klinck was directed to negotiate for these two large flags and to price printed flages of same size and smaller size which may be of interest to the membership in general.

#### Chapters

A proposal was made that the Association support efforts to establish area chapters, and a discussion ensued as to the desired nature and extent of such support. The sense of the Board is

that support of such efforts is commendable and proper and should include such aid as support from the Locator, which might provide new names the the would-be organizers, formats and publications of the Association for the chapters to use as a guide, and possible visits by Directors of the Association, should such visits warrant. No Association funds will be provided to underwrite the establishment of a chapter.

#### Scholarship for Alumni Children

A proposal was made to establish a special scholarship for children of alumni, available to both boys and girls, and usable at any accredited institution of higher learning. The Board tabled this motion until the December 4th meeting, when proper procedures and parameters for such an award could be investigated and outlined. A committee to accomplish this task is headed by Goodloe Saunders, who will welcome your input.

President Nicholson set dates for the next Board Meeting, 4 December 1993, in Richmond, VA. A winter meeting may take place at Virginia Beach, VA in late February/early March, at a site to be determined.

#### Reunion '94

Tom Simmons is checking into location availability for dates in April & May. Details to come.

### **Class of 1977**

**Shawn Ogimachi**, from Santa Cruze, CA, writes with sadness the passing of Marshall "Abe" Shires, '37. He had Leukemia. Abe anchored a strong Augusta football line, captained and went undefeated on the boxing team, ran track, and played baseball. During the great depression of the 1930's, riding a C&O freight train from Hinton, WVA into Staunton, he searched for food and work. Some folks directed him to a man in the Virginia countryside who was interested in helping young men. Abe related to me the first time he walked up the drive to AMA and met Charles Roller who took him in and gave him a home and job as a cadet waiter. Abe told me, "It was hard enough for me to ever get enough to eat at that age. To have a place to go to school and play sports was just good luck. I had nowhere to go." Abe fondly spoke of his friend Mickey Gordon, "Itaught Mickey to box and he taught me Algebra." Through Augusta, several colleges recruited him for football. Abe played football at the University of Tennessee in 1938, 1939 and 1940. During his years at UT he helped the Vols to the Orange Bowl (1939), Rose Bowl (1940) and Sugar Bowl (1941). He was an All American Tackle on UT's unscored upon football team in 1939. He played on the College All-Star team at Soldiers Field in Chicago in 1941 and with the Philadelphia Eagles following the war in 1945. He was highly decorated in the Second Armor Division during WWII. Abe was my mother's first cousin. It was Abe's stay at AMA that lead me to Fort Defiance to graduate forty years later. Abe was a special person and loved by all who knew him.

## The AMA Locator Project

Many of you are aware that I have been working to develop an AMA locator, a roster of all the cadets, faculty, parents, and friends on whom I can find data. I started a year ago with old mailing lists for the newsletter, and the list has now grown to over 3100 names. There are 2287 names on the active mailing list, 302 have been reported dead, and another 494 are unlocated, including 38 foreign addressees who were dropped when the mailing list was still serviced by the VMI alumni office. With each mailing of the current *Bayonet*, we get many address corrections and too many undeliverable copies where there was no forwarding order or it had expired. I ask your help in finding and keeping these contacts!

Take a look at the mailing label, and you will see what I think I know about you. It has your name and address, which I hope are correct, and your class year and a one digit code. The code helps me sort out the cadets (0), their widows (4), faculty (1), friends (2), parents (3), Ad Astras (5), Ad Astras widows (6), and the honorary Ad Astras (7). I keep separate track of the Ad Astras, along with Bob Bradford '50, whose Safeway gift purchased the computer that makes all this possible. If your label is incorrect, please let me know so that I can correct my data. If you know of anyone who should be in the files and is not, would you please advise me! I have real problems trying to place friends, whose relation to the school I don't know, and cadets without class year information.

There are no dues or fees, and the lists are not available to anyone for commercial exploitation. If you are looking for an old roommate, maybe I can help you find him. We have had some very pleasant surprises, guys who popped up after being "lost" for over forty years! Jim Lane has uncovered a whole platoon down in the Virginia Beach area, and he even sent current phone numbers. I'm still looking for my 1950 classmate, Jack Russell; I'll bet someone out there knows where he is.

If we can help each other, please write directly to Edwin Click, Route 1, Box 12, Fort Defiance, VA 24437-9703, or send your information through the AMA Alumni Association, Box 101, Fort Defiance, VA 24437-0101. Thanks for your support.
